Low breaking
strength for
easy removal in
emergencies

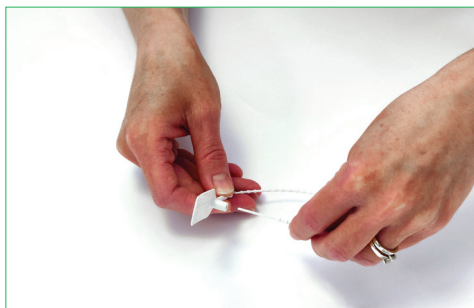

Large flag space
can accept unique serial
numbers, barcodes,
logos and QR codes

Dual Tamper
Evident Security
system designed
for certainty

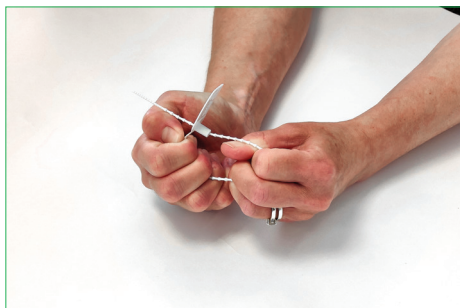

How it Works

Step 1 - Push end of seal into barrel and pull to required length

Step 2 - Seal fixed to keep item secure

Step 3 - Pull tightly to break seal at flag or tail

Step 4 - Seal is broken and cannot be re-used
