Also now available as Recycled

Item: NUMBEREDT2R / BARCODEDT2R

We can custom make your bags

We work closely with our customers to understand their exact requirements so that we can provide the most suitable and cost effective solution to their needs. We manufacture all of our bags in our own factory in Europe which means that we do not impose large minimum order quantities or lengthy lead times. Make a small adaptation, overprint a company name or logo or request a completely new design.

Please contact us and we will be happy to create a fit for purpose Versapak.
